SOLUTIONS**

20FT LUNCH ROOM

Give your team a space to refuel, recharge, and reheat their leftovers, with SCF's 20ft Lunchroom. This clever container solution is fitted out with all the kitchen basics your team needs to enjoy a well-earned break.

Details

These shipping containers are built for lunch, and built to last. They're made from weathering carbon steel. As strong and solid as the rest of our range, but with all the extras the team needs to recharge for the job ahead.

Safe and compliant, each unit includes a kitchenette bench, sink, locking doors, smoke alarms, lighting, security mesh, and hot and cold water. Add a microwave and fridge, to make it the whole lunchroom package.

Key Features

Stainless steel kitchenette
Energy-smart interior lights
Rockwool insulation
Split system reverse cycle air conditioning externally recessed
Hot and cold water
A wide range of configurations available

Options

Make your 20ft Lunch Room your own with these tailored options...

- Choose from a range of fitout options
- Add a microwave or fridge
- Put in tables and chairs for the team to rest easy
- Add a 10kPa Hoarding Platform for extra overhead protection
- Talk to our team about any other modification needs.
