SOLUTIONS

20FT SHIPPING CONTAINER

Meet the most popular storage solution on the block; the 20ft Shipping Container. It's strong, safe, and secure. And it's simple to transport just about anywhere – from the tip of the North Island, right down to the deep South.

Details

With a strong, secure, and simple design, our 20ft containers are easily one of the most versatile and flexible on the market. Use them for anything from furniture or equipment storage, to makeshift sheds or workshops. Or customise them with shelves or power, lighting or tracking. Whatever your storage needs, the 20ft Shipping Container is the solution to meet them.

Need a little more space?

We also offer the 20ft High Cube, with an extra foot in the ceiling for even more storage room.

Key Features

- Built from weathering carbon steel
- Wind-proof and watertight
- Keeps out pests and vermin
- Wooden floors
- User-friendly lockbox system
- Goods are easily secured with floor and ceiling lashing points
- Approx 6.1m L x 2.5m W x 2.6m H

Options

Make your 20ft container your own with these tailored options...

- Install an extra-secure lock box
- Switch from wooden to steel flooring
- Add a GPS tracking system
- Choose the High Cube option for more height and capacity
- Choose from new or used and a range of container grades
- Add shelving, power, lighting, and more
- Talk to our team about any other modification needs.
