40FT SHIPPING CONTAINER

If you've got loads to store, or a large site to manage, our 40ft Shipping Container could be for you. It's got twice the capacity of our 20ft container – making it the ideal choice for large-scale projects with large-scale needs.

Details

At a little over 12m long, the 40ft container is ideal for bigger spaces. They generally won't fit on residential blocks, unless your driveway is especially spacious.

Like our 20ft containers, our 40ft model is built using weathering carbon steel. It's watertight and wind-resistant. Designed to keep goods safely locked in, and pests or unwanted visitors securely locked out.

Key Features

- Wind-proof and watertight
- Keeps out pests and vermin
- Wooden floors
- User-friendly lockbox system
- Goods are easily secured with floor and ceiling lashing points
- Measures approx. 12.2m L x 2.5m W x 2.6m H

Options

- Make your 40ft shipping container your own with these tailored options...
- Install an extra-secure lock box
 - Switch from wooden to steel flooring
 - Add a GPS tracking system
 - Choose the High Cube option for more height and capacity
 - Get transport/shipping certifications
 - Choose from new or used and a range of container grades
 - Add shelving, power, lighting, and more
 - Talk to our team about any other modification needs.
