SOLUTIONS

# 10FT SHIPPING CONTAINER

Our 10ft Shipping Container is also known as a ‘mini shipping container’, and we’ll give you one guess why. At half the size of our most popular 20ft unit, this container is the one to pick when space is tight. Use it to store spare parts, loose stock, household furniture, and more.

#### Details

Some storage box options out there are made with low-cost materials that aren't fully weatherproof. But not our 10ft Shipping Containers. These containers are built from weathering carbon steel. Their high-quality fittings and hard-wearing materials are made to keep your things safe from pests and the elements.

#### Need a little more space?

For more storage with the same conveniently small footprint, we also offer the 10ft High Cube.

#### Key Features

- Easily moved by forklift or crane
- Wind-proof and watertight
- Keeps out pests and vermin
- Wooden floors
- User-friendly lockbox system
- Goods are easily secured with floor and ceiling lashing points
- Approx 2.9m L x 2.5m W x 2.6m H (GP) or 2.9m H (HC)

#### Options

Make your 10ft Shipping Container your own with these tailored options...

- Install an extra-secure lock box
- Switch from wood to steel flooring
- Add a GPS tracking system
- Get transport/ shipping certifications
- Choose the High Cube option for more height and capacity
- Choose from new or used and a range of container grades
- Add shelving, power, lighting, and more
- Talk to our team about any other modification needs.
