SCF

20FT ABLUTION
BLOCK

Ablution Blocks are the all-important cogs that keep your site running like a well-oiled machine. SCF can make any modifications needed to cater to any team. So they can take care of their business in a safe and sanitary space.

Details

If you've got a busy site to keep running like clockwork, the SCF Ablution Block is a must. It's built from the same top-quality materials as all our portable buildings – with weathering steel, and first-rate finishings. Our units are compliant, safe, and strong; designed to last in any environment.

Our Ablution Blocks are kitted out with power, lighting, hot and cold water, cubicles, and opening windows for airflow. We can design and build the configuration that will best suit your team; male and female spaces, separate stalls, urinals, single or double basins, and vanities.

Key Features

- Male and female toilets with separate doors
- Hot water system
- Fast and easy 'Plug and Play' plumbing
- Plug and play 15amp single phase power
- Windows with flyscreens for extra airflow
- Steel shutters for added security
- Fluoro LED Lights and double GPOs

Options

Make your 20ft Ablution Block your own with these tailored options...

- Choose a Shower Block with three bathrooms
- Opt for a Shower Block with two ensuites
- Include showers, toilets, basins, and vanities
- Add extras like heat lights, clothes hooks and towel racks
- Install a 10kPa Hoarding
- Platform for extra overhead protection
- Talk to our team about any other modification needs.
